I will stand for election to the board. I have served the neighborhood for 10 years. I have also served as webmaster until this past year. I continue to enjoy interacting with our neighbors and getting to meet folks as we generate our neighborhood directory. As a member of the Board of Directors, we have made several changes that have directly affected Gatling Pointe. I voted for a new Lawn/landscaping contract which has significantly changed the look of Gatling Pointe.

Gatling Pointe has been my home for 15 years. As nature goes, my life balance is changing, and I would like to bring my energy and my career as an association lawyer to work for Gatling Pointe. Our part of the County is approved for significant residential development, several in process. As a Board Member, I will support the Association's efforts to maintain property values so that our homes remain competitive in the marketplace.

I am Bill Walker and I seek your support and vote as I run for a position on the Gatling Pointe Board of Directors. I have been a resident for six years and have been active in community activities. My professional career has been primarily in federal and local governments/public safety. I believe that this experience provides me with the tools to make the Gatling Pointe board responsive to its residents and a community in which we all wish to live.
